Skills Summary

- Languages: C++, Java, JavaScript
- Frameworks: Bootstrap, Express.js, React.js
- Tools and Platforms: MySQL, MongoDB, GitHub
- Soft Skills: Time Management, Problem Solving, Teamwork

Internship

Prodigy Infotech | Web Development Intern Jan 2025

- Developed five dynamic web applications including Responsive Landing Page, Stopwatch App, Portfolio, Tic Tac Toe, and Weather App using HTML, CSS, JavaScript, and React.
- Focused on enhancing user experience through responsive design, interactive UI, and functionality improvements.
- Independently designed and implemented frontend and backend logic to ensure smooth performance.

Summer Training

Cipher School | Summer Training in Full Stack Development MERN July 2024

- Completed a comprehensive MERN stack training program.
- Built an LMS with authentication, real time updates, and content editor.
- Gained hands on experience in RESTful API design, backend integration, and scalable deployment.
- Learned best coding practices and performance optimization techniques.

Projects

Food del | Full Stack Food Delivery Website Sept 2024

- Developed food delivery platform using React.js, Node.js, Express, and MongoDB.
- Implemented order tracking, real time availability, and secure user authentication.
- Focused on mobile first responsive design and payment integration.

Tech: MongoDB, Express, React, Node.js

CareerGuideAI | AI-Powered Career Guidance Platform Feb 2026

- Developed an AI-powered career guidance platform using React, Node.js, Express.js, and MongoDB.
- Integrated Groq (Llama 3.3) AI and JWT authentication for personalized career recommendations.

Tech: MongoDB, Express, React, Node.js

GaonBazaar | Rural E-commerce Platform Jan 2026

- Developed a rural e-commerce platform connecting farmers and local vendors directly with buyers.
- Built scalable MERN stack architecture with authentication, product listings, and responsive interfaces.
- Improved digital accessibility and platform usability through secure backend integration and optimized performance.

Tech: MongoDB, Express.js, React.js, Node.js

Certifications

- Cloud Computing | NPTEL CERTIFICATION Nov 2024
- Building Web Application in PHP | Coursera Nov 2024
- Full Stack Development Using MERN Stack | Cipher School July 2024
- Server side JavaScript With Node.js | Coursera May 2024
- Learn to code With AI | Coursera April 2024

Education

Lovely Professional University, Punjab, India Since August 2022
Bachelor of Technology Computer Science and Engineering
CGPA 7.48
Favorite Courses: Object Oriented Programming, Data Structures, MERN Full Stack

Ram Krishna College, Madhubani, Bihar April 2019 to March 2021
Intermediate 80 %
Favorite Courses: Physics, Chemistry, Mathematics

Harrow English School, Darbhanga, Bihar April 2018 to March 2019
Matriculation 73.4 %
